

Fontshare (Indian Type Foundry) - Library Notes

Prepared 2026-10-22. Public sources only. Source: <https://www.fontshare.com>

License

Two license types. Public API <https://api.fontshare.com/v2/fonts> (checked 2026-10-22): 100 families, 64 under ITF Free Font License (itf_ffl), 36 under SIL OFL (sil_ofl). ITF FFL v2.0 (text read from a published copy, <https://spacelabs.si/assets/ClashDisplay-LICENSE.txt>; official page <https://www.fontshare.com/licenses/itf-ffl> is JS-only and was not machine-readable): free personal and commercial use in any media, self-hosting and app/document embedding allowed, credit optional; NOT allowed: modifying, subsetting, format conversion, redistributing the files, giving them to contractors, or offering fonts to third parties in tools/SaaS. Verify on the family page before use.

Overview

Free, high-quality display & text families (e.g. Satoshi, General Sans, Clash Display, Cabinet Grotesk).

UX notes / lessons (our analysis)

Because FFL forbids subsetting/conversion, use the official WOFF2 files; pick OFL families if your pipeline converts fonts.

Figures (screenshots & renders)

Fontshare specimens (rendered via Fontshare CSS API)

Satoshi

400 - Sphinx of black quartz, judge my vow 0123

700 - Sphinx of black quartz, judge my vow 0123

Clash Display

500 - Sphinx of black quartz, judge my vow 0123

700 - Sphinx of black quartz, judge my vow 0123

General Sans

400 - Sphinx of black quartz, judge my vow 0123

600 - Sphinx of black quartz, judge my vow 0123

Cabinet Grotesk

500 - Sphinx of black quartz, judge my vow 0123

800 - Sphinx of black quartz, judge my vow 0123

Rendered through the official Fontshare web API; font files not modified or redistributed

Figure 1. Specimens: Satoshi, Clash Display, General Sans, Cabinet Grotesk. *Source: RENDERED BY US via the official Fontshare CSS API (api.fontshare.com); ITF FFL allows use on websites/images; font files not modified, subset or redistributed. The fontshare.com page itself did not render in headless Chromium, so no page screenshot.*
